PROFILE

2nd-year Communications/HCI student blending Unit 8200 project management experience with hands-on UI/UX community leadership. Passionate about user-centric design, AI workflows, and solving complex product challenges.

EXPERIENCE

MANAGER OF UX/UI STUDENT CLUB | REICHMAN UNIVERSITY | 2024 – PRESENT

- **Community & Strategy:** Leading a growing professional community of 40+ students, fostering engagement through networking and professional development.
- **Design & Content:** Crafting the club's visual identity and marketing strategy, designing social media assets and promotional materials utilizing Figma.
- **Workshops & Production:** Facilitating UX/UI workshops on User Research and HCI; managing logistics and budgets for weekly meetups with industry experts.

OPERATIONS, LOGISTICS AND EMERGENCY MANAGER (RESERVES) | IDF | 2023 – PRESENT

- Managing large-scale operations and supply chains, demonstrating rapid decision-making and leadership under high-pressure reserve service.

DIGITAL PROCUREMENT AND TECHNOLOGY OPERATIONS (PERMANENT SERVICE) | UNIT 8200, INTELLIGENCE CORPS | 2021 – 2022

- Led multi-million shekel tech procurement projects and tenders, coordinating directly between senior command, R&D teams, and external vendors.
- Developed and implemented resource management models to align technology solutions with the broader organizational strategy.

ASSISTANT TO THE OPERATIONS COMMANDER | INTELLIGENCE CORPS | 2018 – 2021

- Recognized as "Outstanding Soldier" for managing complex headquarters operations, logistical-technological projects, and critical cross-functional interfaces to ensure smooth execution of the mission.

PROJECTS

UX/UI CLUB APP | PRODUCT LEAD

- Led the end-to-end digital transformation of the club's registration process, creating a centralized platform to replace physical fairs.
- Co-authored the PRD, defined information architecture, and managed a team of designers to deliver a frictionless flow and cohesive brand identity.

CHEF & DINE | END-TO-END MOBILE APP DESIGN

- Designed a premium restaurant application in Figma, exceeding academic requirements by building a complete 5-screen interactive prototype.
- Developed a scalable design system utilizing components and variants, streamlining the reservation process through intuitive UX and clear CTAs.

CANDLE&CO | E-COMMERCE WEBSITE

- Built and designed a fully responsive e-commerce website on Wix, transitioning from manual sales to a structured digital catalog with a mobile-first focus.

EDUCATION

B.A. IN COMMUNICATIONS, HCI SPECIALIZATION | REICHMAN UNIVERSITY | 2024 – PRESENT

- **Focus Areas:** User Research, Digital Media, Human-Computer Interaction (HCI).
- **Relevant Coursework:** UI/UX Design, User Experience, Content Strategy, Digital Trends.
